

Unit 1 Lesson 1, Timeline Project

Create a timeline. Trim the sides of a folder (I always used blue folders for 6th Grade), hole-punch (for your binder) and draw a timeline across the opened inside of the folder. Draw your timeline about 2 ½ inches from the top of the folder and date it from 6,000 B.C. to 2,000 B.C. (Remember the larger number will be on the left edge of your folder. If you want your timeline to look like mine, make it about 2 inches wide.)

An example is on the next page.

Don't make any other entries from this example because we haven't discussed those yet!
